Zimbabwe Orphanage

has been quite an eventful year for us as a group of ministries and churches working together both in the United States and the United Kingdom, across into continents. In some small way, we have made a real contribution to the good of our fellow man.

I think in particular about Zimbabwe with the ability to join hands together by digging deep into our pockets even in the middle of recession. Our people have been generous to build a mini village in the mountains of Nyanga, Zimbabwe for the orphan children.

It's a great joy to be able to report that we are at the completion stage. I think that anybody involved with the poor receives a great joy from seeing them lifted up out of the miry clay. Helping these orphans is one such instance. Even during the political instability and turmoil over these several years in Zimbabwe, this Kingdom Project was completed against all odds.

Well done to all of the churches. Thank you for your generosity. "He who gives to the poor,

lends to the Lord" and we know that the Lord is no man's debtor.

New Lifelink Churches

This year has also been eventful in that in the USA we have two new churches: In the Chicago region, Mercy Hill Church and in the Minneapolis region, Faith In Christ Fellowship.

We also had a couple of churches join with us in the UK: Claremont Church in Bolton in the heart of Lancashire who have a beautiful facility (pictured) and a passion for the Kingdom of God, and King's Church in Warwick who are delighted to become part of the relationship with us.

New Elders

We have two new elders added to our midst. Andrew Scotland who was set in New Life Church, Rugby on February 28th. It was a glorious time to see my son follow the call of God. Another elder is being set in Christ Church Apple Valley, Minnesota on March 14th. Pablo Montanez has served passionately for many years in his gift as an evangelist in the church.

India

Blessy Onesimus has not been doing well in her health, but we are happy to report she is on the mend. In January 2010, Ewen Robertson and I were with Joel and Blessy in Andhra Pradesh and with Francis and Alison Pidugu who minister on the Western Part of India in the Goa Region. Both ministries are flourishing. Betty Scotland and Diana Mansell will take a ladies conference in India. This should be a wonderful time of thousands gathering for that celebration. Please pray for them that God gives them a safe and successful ministry.

Faithful Sister in Zambia

We want to commend Janet Bartrop for her faithfulness and effectiveness at Hope College. Janet has just returned from a full term and it has been a joy to see our pastors going across to support the work of training pastors and leaders in Africa. Not one ounce is wasted in the effectiveness of shaping these leaders. Well done for Janet holding down the administration against all odds to see this college continue.

Trinity School of Theology

We are going to launch a night school set of courses in the Fall of 2010. This makes an access point for people who are working to get theologically trained. This potentially could be adopted in several other churches.

Inspired

I want to share with you about a new concept we are piloting in the UK. In effort to get our people into the Word of God on a systematic basis, we are going to launch a project entitled "Inspired". This will be a Saturday morning once per month in several regions in the UK. People in these regions are being invited to come and be taught the Word of God in such a way they are inspired by the Word. We will have teams of three teachers at a time for three main sessions. We are hoping that this will be a success and will be something that we can adopt both in the United States and across Africa and Asia. We will have more on this concerning the administration and publicity.
